WHOLESALE / PRIVATE LABEL / BRAND DEVELOPMENT

02 / WHY PARTNERS CHOOSE US

Built for your brief.

Reliable sourcing, practical sampling and room to test a collection before scaling it.

01**QUALITY CONTROL**

Stones checked to agreed specifications. Certificate options are available for selected stones.

02**COMPETITIVE PRICES**

Direct producer access supports competitive stone sourcing prices.

03**SMALL BATCHES**

Flexible quantities support sampling and market testing.

Discuss color, size, finish and quantity with our team at the booth.

03 / FROM STONE TO SETTING

A clear path to production.

Direct moissanite sourcing, jewelry sampling and OEM/ODM production through selected partners. Materials and finishes are tailored to your brief.

01 STONE SOURCING

Select white, colored or calibrated stones.

02 SPECIFICATION

Agree cut, size, color and document options.

03 JEWELRY SAMPLING

Review a sample before production.

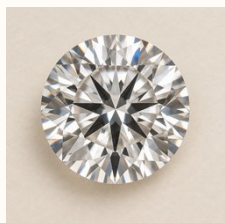

04 QUALITY CHECK

Check specifications and workmanship.

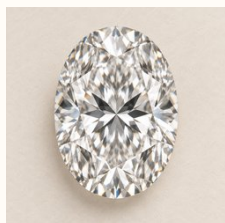

04 / MOISSANITE

Choice starts at the stone.

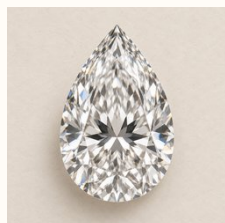

Moissanite is silicon carbide with vivid fire, strong brilliance and everyday durability. Cut, size and color shape the character of each piece.

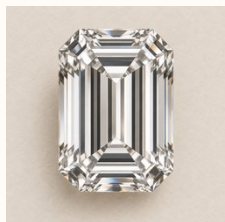

ROUND

OVAL

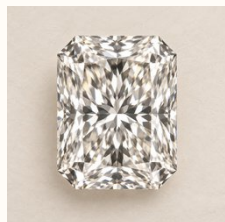

PEAR

EMERALD

CUSHION

RADIANT

Calibrated rounds, large fancy shapes and small accent stones are available. The exhibition stand also presents white-stone size references and 16 factory color references.

05 / EXHIBITION COLLECTION

A selection that adapts.

Ten featured styles open the collection, followed by bracelets, necklaces, earrings and rings. Each design is shown once, even when several stone sizes or colors are sampled.

This printed edit uses styles with clear product imagery. Discuss additional physical samples, cut and size choices, finishes and flexible quantities with our team at the booth.
